What is it?

Diosin is a balancing and energizing supplement containing herbal sources of caffeine, Wild Yam and herbs such as Ashwagandha and Shisandra which support the adrenal glands. It is a unique blend of herbs that have been historically used to promote natural balance, endocrine support, vitality and energy.

Diosin contains:

Wild Yam: This herb has been used for centuries to promote optimum health and longevity. It possesses both antioxidant and endocrine support compounds. Cultures around the world have relied on the yam to promote natural balance throughout life.

Guarana: The Guarani tribe of the Amazon used this seed to brew a hot, energizing drink similar to coffee. It is used today to reduce fatigue, promote weight loss and boost endurance.

Yerba Mate: This prized South American drink offers an energy boost along with an impressive nutritional profile. Yerba mate may provide an alertness and wakefulness that doesn't come with jitters or a crash.

Green Tea: This highly regarded antioxidant-rich tea has been added for its ability to support energy and mental alertness. It has been shown to boost metabolism and fat burning as well.

Ashwagandha: Also known as Withania, this herb has a long history of use in Ayurvedic medicine for balancing the thyroid and reducing cortisol levels. Ashwagandha is a popular herb for those recovering from adrenal fatigue.

Shisandra: This medicinal berry has been used in Chinese medicine for its antioxidant power and for its ability to support endocrine balance and help the body adapt to stress.

Asian Ginseng: Ginseng is popular for its ability to act as an overall health tonic that strengthens yet calms the body.

Ginger: Aids in cleansing and detoxifying the body.

Cayenne: Helps increase circulation and boost the metabolism.
